

LET US BE YOUR

TRAINING PARTNER

WE ARE PIVOT

- We have built our service offering to specifically address the shortage of IT certified professionals in Australia and New Zealand.
- Our aim is to offer fully qualified consultants that can be billable from day 1.
- We are technology agnostic.
- Pivot forms part of the Green Light group. Established in 2007, we are Australian owned with offices across Australia, New Zealand, Philippines, Singapore and Hong Kong.

OUR COMMITMENT

- Our mission is to retrain and certify people from a broad spectrum of backgrounds to produce certified professionals for the technology community.
- Our aim is to deliver training that offers exciting career development, potential new directions and opportunity for progression and self-improvement.

OUR SERVICE LINES

TRAINING AND ACCREDITATIONS

Microsoft Dynamics Technical Training

- Aimed at clients that need to upskill their current work force with MS Dynamics from Graduate level to Experienced. Participants will have the chance to attend the Customer Engagement (CE) or Finance and Operations (F&O) stream to learn core modules and gain Microsoft badges post sitting examinations.

Tailored Training Programs (eg Pega, Java, PM)

- These programs can be tailored specifically to suit a single organisation's training needs or can be attended by participants from multiple organisations.
- Tailored programs tend to work well for those companies that wish to offer more specialised training.

HIRE, TRAIN, DEPLOY

The Pivot team will identify Graduate resources, and based on client's individual needs, we can provide any specialised training to be deployed onsite with client. eg. Software Development Graduates retrained into certified PEGA BAs/SAs

T&M RESOURCES

Pivot can offer experienced Dynamics & PEGA resources at all levels. These individuals will all carry certifications and can be available immediately or within a matter of weeks to support client's needs. Rates vary based on the individual's background, specialisation and security clearance.
